Hinges

Our heavy duty metal hinges have far greater yield strength than a comparable plastic hinge, also for peace of mind our metal hinges require a lot higher temperature to lose its structural integrity than with plastic.

REMOTE CONTROL GARAGE DOOR OPENERS

- Manufactured to current world standards
- Very quiet heavy duty 1/2 hp motor
- Convenient handset design
- Digital security coding with 1.2 million variations
- Easy to install and service
- Courtesy light
- Doors can be stopped at any position
- Optional automatic close function
- In-built safety times
- Made from the latest composite materials
- Optional time delays for courtesy light
- Manual release in event of power failure

OPTIONAL EXTRAS

**Sectional Door**

**Roller Door**

**EMERGENCY KEY RELEASE**  
Used in case of malfunction or power failure. Especially useful if there is no other access into garage.

**PHOTO-EYE REVERSE SYSTEM**  
An additional safety. This non-contact safety system causes the door to automatically reverse the closing cycle when the electronic beam is broken.

**KEY PAD**  
For external entry into garage without the use of Hand Transmitter
